SWEDISH THREAT **WILL NOT STOP THE ALLIED BLOCKADE**

Stricter Measures Against Germany to Be Taken, London Declares.

IGNORE U. S. PROTEST.

Actual Blockade of the German Coast Is to Be Attempted.

LONDON, Jan. 18-The thinly veiled warning of the Swedish King in his address to the Rikedag will have absolutely no effect upon England's sen policies, it was stated in well informed circles to-day.

Neither threats from Sweden, no rotests from the United States and neutrals will cause the Government to alter its present programme sealgned to cut Germany off from tercourse with the outside world. Any marked concession at this time bly would prove so unpopulat that the Government might be forced out of office. The press is engaged in a vigorous campaign for an actual blockade of the whole German coast and would promptly resent any move that would make the present measures less effective.

Notwithstanding this fact, King Gustay's declarations in his throne sech were subjected to serious con-teration to-day. Though the United tates is the most powerful of neutrain, England recognizes in the American protests only the possibiliuation at Stockholm is being closely resigned. watched by the London papers.

QUIT MEAT WHEN BACK HURTS OR KICNEYS BOTHER

Says Uric Acid in meat clogs Kidneys and irritates Bladder.

A glass of Salts is harmless way to flush Kidneys, says authority.

If you must have your meat every day, eat it, but flush your kidneys with saits occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyses the kidneys in their ef-forts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick leadache, disziness, your stomach sours.

region, sharp pains in the back or sick headache, dissiness, your stomach sours, tongue is coated and when the weather is had you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, chilging you to seek relief two or three times during the night.

To neutralise these irritating scids, to cleanse the kidneys and flush off the body's urinous waste get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous selts is made from the acid of grapes and lemon juice, combined with lithin, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralise the acids in urine, so it no longer irritates, thus ending bladder weakness.

YOUR BRONCHIAL TUBES

When a cold settles in the bronhial tubes, with that weakening. tickling cough, immediate treatment is very important. The breath seems shorter; usually fever is present, your head jars with every cough and your chest may ache. This is no time for experimenting—get Scott's Emulsion at once to drive out the cold which started the trouble and it will check the cough by aiding the healing process of the enfeebled membranes.

The best thing for steady use is just ordinary muisified cocoanut oil (which is pure and greaseless), and is better than the most expensive soap or any thing else you can use.

One or two teaspoonfuls will cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundance of rich seems shorter; usually fever is pres-

Safe Conduct in Taking Captain's Letters.

BERLIN (by wireless to Sayville). Bulgaria and Turkey are inclined to Jan. 18 .- A denial that Capt. Franz conclude peace with the allies," the you Papen, recalled German military attache at Washington, paid money to individuals in the United States in connection with attempts to blow up munitions factories or bridges was made to-day by the semi-official Overseas News Agency. The agency's statement follows:

"British press reports state that the former German military attache at Washington, Capt. von Papen, had in his possession letters and bank books, seized by the British at Falmouth, which contain evidence that he paid money to persons connected with explosions in munitions factories in the United States, and to other criminals. The Overseas News Agency hears from competent authorities that these assertions are not correct.

"Capt. von Papen's letters and bank books, which were seized in violation of the safe conduct guaranteed to him are of a purely personal character or have to do with usual business affairs. Capt. von Papen never paid money to persons connected with attempts or alleged attempts against munitions plants, bridges or any other American property. No check ever was paid to Werner Horn, who is accused of an attempt to blow up Canadian railway bridge.
"It is evident that the German

military attache never lived on money that he borrowed. Therefore the payments he received from Ambas-sador von Bernstorff were for ex-penses in connection with conducting

mis office.

"The letters and checkbook stubs, if reproduced in fac similie, would prove that nothing in the way of ilegal relations was established between the dates of such payments and of criminal attempts.

"The British press reports evidently are intended to counter-balance the bad impression created by the publication of the letters concerning Greece which were seized from Col. H. D. Napier, former British Military Attache at Sofia. It aridently is hoped to stir up ill-feeling against Germany at a line when Great Britain is observing with regret the improvement in German.

During that part of Wallace's testimony which referred to her Mrs. Mohr held herself rigid against the edge of the counsel table in front of her. The prosecution placed in evidence end they will get their country back at this point certain scraps of paper and a photograph of Mrs. Mohr which Wallace identified as having been found by him in Brown's locker in the Newport garage. The State's attorneys declared these scraps to be fragments of letters written by Mrs. Mohr to Brown, one of them from a town in Pennsylvania. The writing upon these scraps was not then read into the record. The cross-examination of Wallace
